"Yes," she admitted, her face still close to his, "I'm afraid. But Dr. Chan is a fine surgeon, and this is a very fine hospital." Five days ago, reasoning that an unscrupulous attorney would know how to find an equally unscrupulous private detective, even across state borders, Junior had phoned Simon Magusson, in Spruce Hills, for a confidential recommendation. Apparently, there also existed a brotherhood of the terminally ugly, the members of which sent business to one another. Magusson-he of the large head, small ears, and protuberant eyes-had referred Junior to Nolly Wulfstan. After mentally reviewing what he must say, after working up a nervous edge, he dialed the SFPD emergency number. Thrusting his finger toward the table with each repetition of the word, Barty happily insisted, "Pie, pie, pie, pie, pie, pie, pie, pie, pie." She switched off the hall light and stood at the half-open door, listening, waiting. Then the left: slack yet with a pulled look. The left eyelid drooped. That side of her. But first, March 23: the bad date with Frieda Bliss, and what he discovered in his apartment when he came home that night. He had sat here with a pencil, making shopping lists. Now, instead of a pencil, there was the Italian-made .22 pistol. If Junior was patient, he could slip in there, find Bartholomew, kill the boy in bed, whack Ichabod second, and still have a chance to make love to Celestina. WALTER PANGLO, the only mortician in Bright Beach, was a sweet tempered wisp of a man who enjoyed puttering in his garden when he wasn't planting dead people. He grew prize roses and gave them away in great bouquets to the sick, to young people in love, to the school librarian on her birthday, to clerks who had been polite to him. Because the tower stood on a ridgeline that marked the divide between county and state property, most of the attending constabulary were county deputies, but two state troopers were present, as well. Certain that he was overreacting, Tom nevertheless left the kitchen as a cop, not a priest, would leave it: staying low, knife thrust in front of him, clearing the doorframe fast. To Edom, humanity was obviously not the greater of these two destructive forces. Men and women were part of nature, not above it, and their evil was, therefore, just one more example of nature's malignant intent. They had stopped debating this issue years ago, however, neither man conceding any credibility to the other's dogma. That saving smile once more returned lost harmony to the scarred and broken face. "Not me. From my perspective, psychology is just one more of those easy sources of false meaning-like sex, money, and drugs. But I will admit to knowing a thing or two about evil." His Country Squire laden with cookies, plum cakes, homemade caramel corn with almonds, and gifts, Edom drove directly home from Obadiah Sepharad's place, which had been their final stop. He roared away as if trying to outrun tornadoes and tidal waves. During the past three years, he'd suffered much because of these sisters, including most recently the humiliation in the Dumpster with the dead musician, Celestina's pencil-necked friend with a propensity for postmortem licking. The memory of that horror flared so vividly-every grotesque detail condensed into one intense and devastating flash of recollection-that Junior's bladder suddenly felt swollen and full, although he had taken a long satisfying leak in an alleyway across the street from the restaurant at which the postcard-painting poseur had enjoyed a leisurely dinner with Ichabod. Edom drove, happy to assist Agnes. He was happier still that he didn't have to make the pie deliveries alone. From the bathroom, Junior gathered an electric razor and toiletries. He added these to the suitcases. He had been warned about this accuracy issue by the thumbless young thug who delivered the weapon in a bag of Chinese takeout, in Old St. Mary's Church. Junior tended to believe the warning, because he figured the eight-fingered felon might have been deprived of his thumbs as punishment for having forgotten to relay the same or an equally important message to a customer in the past, thus assuring his current conscientious attention to detail. On this morning in March, minutes after the pie caravan had departed, Edom got his Ford Country Squire out of the garage and drove to the nursery, which opened early. Spring was drawing near, and much work needed to be done to make the most of the rosarium that Joey Lampion had encouraged him to restore. He happily contemplated hours of browsing through plant stock, tools, and gardening supplies. Commodified fantasy takes no risks: it invents nothing, but imitates and trivializes. It proceeds by depriving the old stories of their intellectual and ethical complexity, turning their action to violence, their actors to dolls, and their truth-telling to sentimental platitude. Heroes brandish their swords, lasers, wands, as mechanically as combine harvesters, reaping profits. Profoundly disturbing moral choices are sanitized, made cute, made safe. The passionately conceived ideas of the great story-tellers are copied, stereotyped, reduced to toys, molded in bright-colored plastic, advertised, sold, broken, junked, replaceable, interchangeable. A time, from the carafe on the nightstand. She spooned the ice into Junior's mouth not with the businesslike. Before Celestina probed and perhaps touched upon a sore tooth of truth, Tom launched into the story of King Obadiah, Pharaoh of the Fantastic, who had taught him all he knew about sleight of hand..and half rotten. She tore it. With the small scissors, she opened the shoulder seam from the inside. Junior hadn't paid attention to everyone who visited the pianist though surely he'd have noticed a certain stump in a cheap suit. Tom between curiosity and emotional exhaustion, Celestina held his gaze, thinking, and finally she said, "Deal." When he noticed a blonde staring at him from a nearby booth, he smiled and winked at her. Although she was not attractive enough to meet his standards, there was no reason to be impolite. "Better. Fear doesn't require him even to seduce a woman or to buy a bottle of whiskey. He just needs to open himself to it, and he will be filled like a glass under a faucet. As difficult as this may be to comprehend, Cain would choose to be neck-deep in a bottomless pool of terror, desperately trying to stay afloat, rather than to suffer that unrelieved hollowness. Fear can give shape and meaning to his life, and I intend not merely to fill him with fear but to drown him in it." He bought knives. And then sheaths for the knives. He acquired a knife-sharpening kit and spent the evening grinding blades. This device, which could automatically pick any lock with just a few pulls of its trigger, was sold strictly to police departments, and its distribution was tightly controlled. On the black market it commanded such a high price that Junior could have bought the better part of a small Sklent painting for the same bucks. The high point of his day was coming home to Perri. They met when they were thirteen, married at twenty-two. In May they would celebrate their twenty-third anniversary. Junior didn't know much about guns. He didn't approve of them; he had never owned one. That night her sleep was deeper than it had been in a long time, deep as she had expected sleep would never be again, and she was not plagued by any dreams at all, not a dream of children suffering, nor of tumbling in a

car along a rain-washed street, nor of thousands of windblown dead leaves rattling-hissing along a deserted street and every leaf in fact a jack of spades."And maybe," said Agnes, caught up in the speculation, "when your life comes to an end in all those many branches, what you're finally judged on is the shape and the beauty of the tree." "Yes. In syrup form. It's a good item for your home medicine chest, in case your child ever swallows poison and you need to purge it from him quickly." Everyone agreed, and the order was placed when their waiter brought appetizers: crab cakes for Nolly, scampi for Kathleen, and calamari for Tom. He clenched the steering wheel tightly with both hands, clenched his teeth so fiercely that his jaw muscles bulged and twitched, and clenched his mind around a stubborn determination to get control of himself. Slow deep breaths. Positive thoughts. Paul Damascus had gotten numerous invitations to dinner. No one thought that he should be alone on this difficult night. Celestina hardly knew Paul, and although he'd saved her mother's life, his offer raised a look of doubt from her. When he came to himself, sick and weak from the poison and with an aching skull, he was in a room with brick walls and bricked-up windows. The door had no bars and no visible lock. But when he tried to get to his feet he felt bonds of sorcery holding his body and mind, resilient, clinging, tightening as he moved. He could stand, but could not take a step towards the door. He could not even reach his hand out. It was a horrible sensation, as if his muscles were not his own. He sat down again and tried to hold still. The spellbonds around his chest kept him from breathing deeply, and his mind felt stifled too, as if his thoughts were crowded into a space too small for them. He stood watching until the car cruised out of sight, and even after it dwindled to a speck and vanished in the distance, he stared at the point in the street where it had last been, stared while a breeze turned playful, tossing eucalyptus leaves around his feet, stared until at last he turned and began the long walk home. Perhaps Dr. Parkhurst, too, was disturbed by this fascistic and fanatical spew sampling, because he became brusque. "I have a few appointments to keep. By the time I make evening rounds, I expect Mr. Cain to. As Agnes slipped excess pillows out from behind him and eased him down into the covers, Barty half woke, muttering about how the police were going to kill poor Lummo, who hadn't meant to do all that damage, but he'd been frightened by the gunfire, and when you weighed six tons and had eight legs, you sometimes couldn't get around in tight places without knocking something over. Junior kept a file on each man, nevertheless, in case instinct later told him that one of them was, in fact, his mortal enemy. He could have killed all of them, just to be safe, but a multitude of dead Bartholomews, even spread over several jurisdictions, would sooner or later attract too much police attention. Twice during dinner, he seemed to draw near The Subject, but then he circled around it and flew off, each time to report some news of little relevance or to recount something funny that Angel had said. By now, all here assembled knew Celestina well enough that Tom's final example raised an affectionate laugh from the group. "Sure. That's how it works with everything. Everything that can happen does happen, and each different way of happening makes a whole new place." PERRI'S POLIO-WHITTLED body did not test the strength of her pallbearers. The minister prayed for her soul, her friends mourned her loss, and the earth received her. THIS IS THE FIRST PAGE of the Book of the Dark, written some six hundred years ago in Berila, on Enlad. Instead, her father asked, "Is this emotion talking, Celie, or is this brain as much as heart?" Angel brightened at the sight of the coin turning end-over-end across his knuckles. "I could learn to do that," she asserted. Among these people was an old man whom they called, among themselves, the Changer. He showed Otter a few spells of illusion; and when the boy was fifteen or so, the old man took him out into the fields by Serrenen to show him the one spell of true change he knew. "First let's see you turn that bush into the seeming of a tree," he said, and promptly Otter did so. Illusion came so easy to the boy that the old man took alarm. Otter had to beg and wheedle him for any further teaching and finally to promise him, swearing on his own true and secret name, that if he learned the Changer's great spell he would never use it but to save a life, his own or another's. "Oh, yes. When he phoned, Reverend Collins told me all about you and Bartholomew. At the front door, when I asked the boy's name, I already knew it and was just setting up this little trick for you." Vanadium clearly spent a lot of time in the kitchen; it was the only room in the house that felt comfortable and lived-in. Lots of culinary gadgets, appliances. Pots and pans hanging from a ceiling rack. A basket of onions, another of potatoes. A grouping of bottles with colorful labels proved to be a collection of olive oils. Having booked the suite for three nights, Tom expected that he would spend far fewer late hours in his bed than sitting watch in the shared living room. The boy didn't at once answer, and when Agnes looked up from Red Planet, she saw that he was staring oddly at her. He squinted, as if puzzled, and said, "The wisty spots just jumped off the page right up on your face." Junior spoke the three words aloud and felt a strange resonance between them and his dim memories of Reverend White's voice on that long-ago night. Yet the link, if any actually existed, remained elusive. Sitting up in bed, he passed a little time reading favorite, marked passages in Zedd's You Are the World. The book presented a brilliant argument that selfishness was the most misunderstood, moral, rational, and courageous of all human motivations. get his hackles up if we, at the state level, still want to poke around a little. In a swirl of London Fog and righteous indignation, Neddy turned his back on Junior and drifted away through the nibbling, nattering crowd. Happy weekend. His attitude amazed her, and his strength in the face of darkness gave her courage. At the bottom, the killer had pushed the cedar chest aside and clambered to his feet. From out of his raveled Tutankhamen windings, he peered up at Paul and fired one shot without taking aim, almost halfheartedly, before disappearing into the living room. Kid's room. Bartholomew's room. Furniture in cheerful primary colors. Pooh posters on the wall. He was a man of medicine and science, who had been served well by hard logic and by an unwavering commitment to reason. He wasn't prepared easily to accept the notion that logic and reason, while essential tools to anyone hoping to lead a full and happy life, were nevertheless sufficient to describe either the physical world or the human experience. Even above the piston-knock of her heart and the bellows-wheeze of her breath, Celestina heard wood crack, a small pane of glass explode, and metal torque with a squeal. The creep was going to get away. "That's not what they say," the boy replied with a giggle, for his extensive reading had introduced him to words that he and she agreed were not his to use. Agnes was able to respond, Paul sprang up and moved away. Other friends knelt and crouched and bent to her, and she lost sight of the pharmacist as he moved off through the dispersing crowd. Needlepoint provided no sanctuary. Junior's hands trembled just badly enough to make accurate stitchery impossible. Instead, as he settled into the offered chair, he withdrew a picture of Perri from his wallet. It was an old black-and-white school photograph, slightly yellow with age, taken in 1933, the year he'd begun to fall in love with her, when they were both thirteen. Before he could replay the memory for further contemplation, Junior saw Ichabod exiting the house. The man returned to the Buick, seeming to float through the mist, like a phantom on a moor. He started the engine, quickly hung a U-turn in the street, and drove uphill to the house from which he had earlier collected Bartholomew.
